# POT-GROWN STRAWBERRY PLANTS

SUMMER AND FALL, 1924

Pot-grown Strawberry plants planted this summer will bear a full crop of berries next June.

We offer the following choice varieties, out of 2½ inch pots.

**Brandywine.** An exceptionally fine sort. Although an old variety, it is still in demand. Midseason to late. Fruit bright crimson, very large, excellent quality. \$7.00 per 100.

**Bushel Basket.** A splendid midseason variety. A giant in both plant and fruit. Very fine quality. Awarded the Barry Gold Medal. \$8.00 per 100.

**Chesapeake.** Strong, robust growing variety. Berries very large, crimson. Midseason to late. \$8.00 per 100.

**Early Jersey Giant.** The best extra early variety. Fruit brilliant crimson, exceptionally firm, with a rich wild strawberry flavor. Very strong grower. \$8.00 per 100.

**Gandy.** Fruit large, bright crimson. One of the best late varieties. \$7.00 per 100.

**Marshall.** One of the best early to midseason Strawberries. Berries are of immense size, dark crimson, and of the finest flavor. \$8.00 per 100.

**Nick Ohmer.** Fruit very large, rich dark red, mid-season, of high flavor and wonderfully productive. \$7.00 per 100.

**Royal Sovereign.** A very popular variety which has proved one of the best for forcing. \$12.00 per 100.

**William Belt.** Very productive. Very large and of high quality. Fruit deep glossy red. Fruiting mid-season. \$7.00 per 100.

## FALL OR EVERBEARING STRAWBERRIES

You can prolong the season by planting the fall-bearing varieties. They fruit at the same time as other Strawberries, and then again in the fall. We offer the following varieties, which are the best of the fall-fruiting sorts.

**Progressive.** Fruit rich deep crimson, medium in size, and of good quality, splendid grower. Very productive. One of the best of the everbearing varieties. \$11.00 per 100.

**Superb.** The berries are nearly round, smooth, dark crimson, of sweet, mild flavor. Medium in size. One of the best. \$11.00 per 100.

## LAWN GRASS SEED

### For Fall Sowing

**Pierson's Perfection.** The best mixture made for lawns, grass plots, etc. Nothing adds so much to the beauty of a country place as a well-kept velvety lawn. In order to secure this, it is necessary that the proper grasses should be sown. More disappointment results from sowing inferior seed than from any other cause.

Our Perfection mixture is composed of the finest American grasses in proper proportions of such kinds as are best adapted for our hot, dry summers, and will form a close, velvety lawn very quickly after being sown. Oats should never be sown with our mixture, as our seed comes up quick and strong, and is better without them. For new lawns, use 85 lbs. per acre. One pound will sow 500 square feet. Lb., 50c.; 5 lbs., \$2.25; 20 lbs., \$8.00.

**Our Special Mixture for Shady Lawns.** A mixture of fine grasses that are best adapted and most suitable for growing in shady places, under trees or close to walls where there is little sun. Lb., 55c.; 5 lbs., \$2.50; 20 lbs., \$9.00.

## FERTILIZERS

**PURE BONE MEAL.** Quick acting and immediately available, for which reason it is largely used for mixing in potting soil and for top dressing roses, carnations, and other plants grown under glass. It is also splendid for garden use. It is made from hard, dry bone, is perfectly pure and entirely free from acid, and can be used with perfect safety in any quantity. We use it largely in our rose soil, and have found it the very best grade of bone for the purpose.

10 lbs., 75c.; 25 lbs., \$1.50; bag (100 lbs.), \$5.00; bag (167 lbs.), \$7.50; ton, \$65.00.

**BLOOD AND BONE.** A high-grade fertilizer of superior quality for enriching lawns and grass plots. Very desirable for quick or lasting results. Particularly valuable for all garden and farm crops, small fruits, fruit trees, etc.

10 lbs., 75c.; 25 lbs., \$1.50; bag (167 lbs.), \$7.50; ton, \$70.00.

**PULVERIZED SHEEP MANURE.** An excellent natural manure. Very desirable for top dressing or for mixing with the soil for greenhouse or garden use; also for top dressing lawns, grass plots, etc., and for making liquid manure.

10 lbs., 75c.; 25 lbs., \$1.25; bag (100 lbs.), \$4.00; ton, \$65.00.

**STIM-U-PLANT.** An odorless plant food in tablet form for fertilizing all kinds of growing plants in the home or garden. It is particularly desirable for use on all house plants. The tablets can be placed directly in the soil or dissolved in water and then applied.

Packages containing 30 tablets, 25c.; 100 tablets, 75c.; 1,000 tablets, \$3.50.
